## ABOUT ME

Technophile by nature and a smart-worker by action. Prefer to learn practically than theoretically. Keen and fast. Have also acquired sales skill through my work experience. After taking off some time from the corporate world, I worked on my own things but now it's time to get back on track. Have acquired all the skills necessary for frontend development and looking for a chance to further improve.

## SKILLS

## EDUCATION

B.Tech (Automobile) – 78.16% (6.78CGPA)

SRM Institute of Science and Technology (Chennai)

2017-2021

12<sup>th</sup> Class – 69.6%

St. Mark's Sr. Sec. Public School (New Delhi)

2016-2017

10<sup>th</sup> Class – 9.4 CGPA

St. Mark's Sr. Sec. Public School (New Delhi)

2014-2015

## EXPERIENCE

### Business Development Associate

Lido Learning (Noida): Feb 2021-April 2021

First to clear the on-ground training phase on the first day itself with the highest package sold

- Learned to sell even a fundamentally weak product
- Trained people who joined after me
- Our team became one of the best performers in March 2021

### R&D Operator Station Intern

CNH Industrials:

My task was to create a checklist for the evaluation of the engineering drawings made by my seniors. This checklist helped my seniors review their work before sending it for formal evaluation

- Learned the structure of an MNC
- Learned how to work in a team
- Experienced some of the new technologies being involved in manufacturing

## EXTRAS / HOBBIES

- Part of SOLAREON- a student based solar car team. Went to Gwalior for NSVC and won second prize in solar endurance test.
- Built a Bluetooth controlled car in 12th using Arduino with all the mechanical as well as coding part done by me.
- Music and Instruments
- Robotics- Arduino
- Financial Markets
